## **CONTENT OF COURSE COVERED**

Instructed by one of our Country's leading experts in criminal vehicle interdiction this is the class that everyone has been waiting for! We have learned so much from watching Kenny Williams' motor vehicle stop videos now we have the opportunity to learn directly from him in person. Corporal Williams started his career in 2007 and currently works as a full time K9 interdiction officer. He has been personally responsible for the seizure of over 3 million dollars cash, several hundred pounds of illicit narcotics, and well over a ton of marijuana. Williams has received countless awards for his work from numerous organizations and has established a reputation as one of the top police officers in the country. He is also a fully certified instructor for EPIC and DIAP.

The course is intended to give the student a clear understanding of what it means to be an effective criminal interdiction officer. Williams will break it down piece by piece to make the comprehension of the tactics and mindset very easy to understand. He will cover the importance of vehicle selection for pre-textual stop and will go through how and why he chooses the vehicles that he does. Having this knowledge will save thousands of hours of trial and error. Williams will also be covering why criminals join criminal enterprises, common drug routes, body language, deception, and common-sense approaches to understanding reasonable suspicion.

The class will include several video clips from Kenny's actual stops to show and explain exactly what he found suspicious. Williams will also be answering any questions that are posed offering his successful perspective on the topic. The amount of understanding and confidence the student will have after the completion of the course will serve to be invaluable. This really is a rare opportunity to be apart of training that is unlike any other.

**To register yourself or other police officers for an upcoming training course please visit our website [www.StreetCopTraining.com](http://www.StreetCopTraining.com) and follow the link for "Programs" then choose "Interdiction Mastermind."
