Since we are currently unable to hold in-person training due to the current COVID-19 crisis, we have created recorded versions of our training seminars and are now providing you access to our online on-demand training platform. Along with being able to attend the on-demand training, you will also receive admission to attend this class in-person in the future AT NO ADDITIONAL COST. Two for the price of one! Your admission will never expire.

Our on-demand training platform is available for you to access anytime, anywhere. Our on-demand training classes are structured the same way as our in-person courses. Yes, you will receive a certificate for attending any on-demand webinar.

We have already taught 1,000+ police officers using this method. Their experience with the live webinar exceeded their expectations and delivered the high-quality training that they had looked forward to receiving. We could not be happier that we are able to provide this much-needed service in lieu of current conditions and restrictions

We want to thank you all for your continued support. We work tirelessly to provide you with the highest quality training we can. Providing our brothers and sisters with the knowledge they deserve to perform police work better and going home safely to their families is the fuel that keeps us often selflessly motivated to do what we do.
