

**PROJECT RESCUE: SAVING ABUSED CHILDREN  
1 DAY SEMINAR**

**INSTRUCTED BY MARK FABBRICATORE**

**\$199 per student**

If there is a case worth working, a victim worth fighting for, an injustice to battle... it's an abused child. "Project Rescue" attendees will leave this course with an in-depth grasp of all pertinent laws relating to child abuse and sexual assault, an understanding of classifications and types of abuse, and knowledge of the different dynamics that exist between the abuser and the victim. Instructor Mark Fabbricatore will utilize real life videos and first-hand cases to motivate Project Rescue students to vigorously pursue the suspects in these crimes. Fabbricatore will break down applicable US and state case law, initial crime scene response, evidence retention and collection, and the application of "Fresh Complaint" testimony. Additionally, "Project Rescue: Saving Abused Children" will explain aspects of Munchausen's Syndrome by Proxy and Shaken Baby Syndrome, examine the difference between the pedophile and the molester, caregivers' behaviors regarding abuse cases, the victims' reactions in abuse cases, the dos and don'ts of child interviewing, anatomical clues of abuse, and aspects of the State Created Danger Theory. Come to "Project Rescue" and let Street Cop Instructor Mark Fabbricatore give you the tools you will need to protect the lives of those who need us most: our kids.
